Statesman’s Yearbook Online

What is Statesman’s Yearbook Online?
This is the online version of the authoritative annual volume which was first published in 1864, initiated by UK Prime Minister Robert Peel. It is written for politicians and civil servants, as a source of reference about every country in the world, covering key historical events, population, social statistics, city profiles, politics, climate, defence, international relations, the economy, energy and natural resources, industry, international trade, religion, and culture. There are also factsheet summaries of key data, essays and a chronology of world events.

When should I use the Statesman’s Yearbook Online?
Use Statesman’s Yearbook Online when you want to identify specific social or economic data on a country:

- The most recent volume can be searched or browsed in order to provide a quick and reliable snapshot of current data to validate a statement.
- Previous editions can be browsed to retrieve historical data.

Accessing the Statesman’s Yearbook
The Statesman’s Yearbook is accessed via the E-resources Guide. To open the E-resources Guide:

1. Access it directly at this address: [http://subjectguides.york.ac.uk/e-resources](http://subjectguides.york.ac.uk/e-resources)

2. When the E-resources Guide has opened select Datasets and Statistics from the E-resources by Category drop-down menu. A list of resources in this area is then displayed.

3. Click on the Statesman’s Yearbook Online. You may be asked to log in with your IT Services username and password.

The resource will now open in a new window.

Complete the following task to familiarise yourself with the current edition of the Statesman’s Yearbook:

Find the latest available figures for male life expectancy in the Ukraine, and the percentage of the population in penal institutions. How do these figures compare with Poland?

1. Start from the E-resources guide’s list of Datasets and Statistics, and follow the link to Statesman’s Yearbook Online. Log in when prompted.
2. Choose Ukraine from the Countries drop-down list, and click Go.

3. Choose Social Statistics from the Table of Contents for Ukraine, and make a note of male life expectancy.

4. Click the Compare button, and scroll down the table of countries. Click the + symbol next to Poland, then click Compare. Scroll down to view the results.

5. In order to find penal population data, choose the Advanced Search option towards the top of the page. Search for Ukraine and penal. Follow the link to the text which provides the answer.

6. Now find the equivalent figure for Poland.

Of course, much of the data published in the Statesman’s Yearbook Online can easily be obtained from Wikipedia. However, unlike Wikipedia, you can confidently cite the Statesman’s Yearbook Online in your academic work, secure in the knowledge that this is an authoritative academic source.

Each section of text in the Statesman’s Yearbook Online includes a guide to good citation practice. You may need to modify the order in which the elements of the citation appear, in order to follow your department’s recommended citation style.
